

# Spring Course in Hereditary Cancer Genetics

24<sup>th</sup> – 27<sup>th</sup> of April 2018  
University Residential Centre of  
Bertinoro, Italy

*This course aims at delivering up-to-date knowledge on hereditary cancer to clinical and molecular geneticists in training or certified.*

*It creates the best opportunity for interaction and discussion with experts from all over Europe, in the fabulous environment of Bertinoro, the headquarters of the ESHG sponsored courses.*

*The faculty combines experts from many fields of cancer genetics known for their didactic skills. Participants are encouraged to present a clinical or genetic case in a Poster format for on-site discussion. Prizes will be awarded for best presentations.*

**Director of the course:** N Hoogerbrugge (NL)

**Organizing Committee:** C Oliveira (PT), H Høberg-Vetti (NO), E Holinski-Feder (DE), together with J Bazzoli (IT) and G Romeo (IT)

**21** Interactive plenary lectures  
**5** Concurrent workshops in small groups  
**2** Poster discussion sessions and **2** Quiz sessions
